AX385TS

AX384T

Protect your expensive investments, like computer labs, data and electronic storage areas, hospitals, and more with **Amerex HALOTRON I FIRE EXTINGUISHERS**. They comply with fire and life safety codes and contain the EPA approved clean agent substitute for **Halon 1211**. Compared to other extinguishing agents, **Halotron I "Clean Agent"** evaporates quickly, leaving no residue, causing little or no damage to expensive equipment.
